Webinar: Young Swiss Abroad: Experience Switzerland, plan your education and shape your future

Tuesday, 17 November 2026

Are you – as parents or young swiss abroad – interested in the various programmes and opportunities available to young Swiss citizens living abroad? Would you like to find out more about how to exercise your right to vote in Switzerland, or what options are available for training or studying in Switzerland?

If so, we warmly invite you – parents and young people alike – to the next joint webinar organised by the Consular Directorate of the FDFA, the Organisation of the Swiss Abroad (OSA), SwissCommunity and Soliswiss – the cooperative of the Swiss abroad.

What can you expect?
In this webinar, you will gain an overview of various services and opportunities:

- **Important information** on the rights and obligations of young Swiss nationals living abroad.
- **Education and study in Switzerland:** What options are available? What requirements must be met and what support is available?
- **Networking and socialising:** What opportunities are there to meet other young Swiss citizens living abroad and exchange ideas?

Speakers:
Specialists from the FDFA, the OSA and Soliswiss, joined by an expert from educationsuisse, will share their expertise and answer your questions.

No time? No problem!
The webinar will be recorded and will be available the following week on swisscommunity.org, soliswiss.ch and the FDFA's YouTube Channel. When later viewing the recorded webinar, automatically translated English subtitles can be enabled.
