Programme

The home of your young guests aged between 16 and 25, is far away from Berne, Zürich or Lausanne... Even though, they are in possession of a swiss passport, the youngsters know their "homeland" often only from hearsay. The programm of the OSA offers these young swiss abroad the possibility to get to know the languages of our country and training opportunities, as well as the country and it's people.

Without the support of swiss families, flat-sharing communities, couples and singles, these experiences would not be possible! You're in?

During 1-4 weeks, the youngsters live at your house, so they learn quickly about the "real swiss life". They blend naturally in your living environment, observe and get to know this country from a personal angle.

These young swiss abroad bring not only a dictionary with them, but also their own cultural background and sincere gratitude! Join us to make this possible.
